Wrap-up discussion – topics include:

- 1. Developing frameworks for UCH research, protection, and management around the Mediterranean: what works, what doesn't work, and where do we go from here?*
- 2. Involving local communities: how do we identify local communities and get them involved with heritage identification and preservation*
- 3. Involving the general public: how do we make UCH important to the general public (tourism, publicity, technology, etc.)*
- 4. Improving framework of rules and research: Should there be different rules for research and preservation based site location (shallow coastal, non-diving depths, non-territorial waters)*
- 5. Best practices for research and stewardship in the Mediterranean and beyond*
